## SKILLS

**Languages;** Javascript, PHP, My SQL, CSS and HTML.

**Framework;** React.

**Additional skills.** Conversantly can work with Illustrator, Photoshop Adobe Lightroom (Lr) and Publisher .

## WORK EXPERIENCE

I have gained experience from freelancing websites such as Fiver and Upwork.

I collaborated with a number of fourth-year students from the Dedan Kimathi University as I created websites for their End-year projects.

## MY VISION

- To develop Website features that can enhance the user experience.
- To strategize design choices according to user experience.
- To optimize web pages for maximum speed and boost their scalability.
- To develop code for future use.
- To ensure that the website front-end is free from errors or bugs.
- To supervise software workflow management with project management tools (example, Github) and task runners (example, grunt and Gulp).
- To supervise the production and maintenance of the user interfaces of websites and web applications.

## **HOBBIES**

- Reading books.
- Watching movies and Listening to music.
- Socializing.
- Helping the needy.
